

Artistic Pool Playing Artists

APPA (Artistic Pool Playing Artists), the new Dr. Cue Promotions entertainment and educational entity for the growing and magnetic sport of artistic pool, offers a positive enhancement for pocket billiards. A three-fold promotional appeal includes beauty, promise, and vision that are expressed in the logo image above. The *player's palette* with the colored / numbered pool balls correlates to the beauty of the 8 skillful disciplines of artistic pool. A circular palette edge and the *artistic* pattern on top resemble a rainbow of promise for the future of our sport in a class act of classy players and classic challenges. The cue brush points the way to a wonderful vision for players, fans, and sponsors at: www.artisticpool.org

We invite you to become a “supporter” of this attractive vehicle of sport and show promotion, and we hope for the greatest of victories during your special game and life journey!!

Tom “Dr. Cue” and Marty “Ms. Cue” Rossman
